二、阅读理解

In the water around New York city is a very small island called Liberty Island. On Liberty Island there is a very special statue called the Statue of Liberty. It is one of the most famous sights in the world.

The Statue of Liberty was a gift from the people of France to the people of the United States. The statue was made by a French sculptor named Frederic Auguste Bartholdi. The inner support system was designed by Gustave Eiffel, the same man who made the famous Eiffel Tower in Paris.

Liberty, of course, means freedom, and the Statue of Liberty was given to the United States to celebrate the one-hundredth anniversary of U.S independence from England. The statue was built in France, taken apart piece by piece, and then rebuilt in the United States. It was opened for the public on October 28, 1886.

As you might expect, the statue is very big. Visitors can ride an elevator from the ground to the bottom of the statue. If they want, they can then walk up 168 steps to reach the head of the statue where they can look out and enjoy the beautiful sight of the city of New York.

How men first learnt to invent words is unknown; in other words, the origin of language is a mystery. All we really know is that men, unlike animals, somehow invented certain sounds to express thought and feelings, actions and things, so that they could communicate with each other; and that later they agreed upon certain signs, called letters, which could be combined to present those sounds, and which could be written down. Those sounds, whether spoken or written in letters, we call words.

The power of words, then, lies in their associations - the things they bring up before our minds. Words become filled with meaning for us by experience; and the longer we live, the more certain words recall to us the glad and sad events of our past; and the more we read and learn, the more the number of words that mean something increases.

Great writers are those who not only have great thoughts but also express these thoughts in words which appeal powerfully to our minds and emotions. This charming and telling use of words is what we call literary style. Above all, the real poet is a master of words. He can convey his meaning in words which sing like music and which by their position and association can move men to tears. We should therefore learn to choose our words carefully and use them accurately, or they will make our speech silly and vulgar.
